SYSTEM H7

UNPARALLELED OPTICAL PERFORMANCE

The ultimate APO, ED and HD optics contained in only our most advanced binoculars. The Best.

SYSTEM H5

IMMERSIVE ED OPTICS

High performance optical system with ED glass. The professional's choice.

SYSTEM H2

REDEFINING VALUE OPTICS

Our premium optics in a wide range of binoculars and scopes. Dependable, Accurate, Affordable.

FRONTIER SYSTEM H7

All Frontier models feature Hawke's new H7 optics, offering stunning high definition viewing with incredible colour control and phase correction. High performance lens coatings and Dielectric Coated prisms ensure the highest level of light transmission.

The all new Frontier APO offers extreme clarity, flat field vision along with excellent chromatic aberration control for a stunning wide angle image.

APO & ED X models benefit from Extra-low Dispersion glass for controlled chromatic aberration and the elimination of colour fringing.

Extra-low Dispersion glass (APO & ED X only) / Dielectric Coatings / High resolution phase corrected BAK-4 roof prisms / Water repellent lens coatings / Magnesium alloy chassis / Focus from 2m / Replaceable twist-up eye cups with position stops / Stay-on lens covers

Nitrogen purged / Waterproof / Fog proof

Hawke Lifetime Warranty

ENDURANCE SYSTEM H5

Stunning optics providing crisp, clear and bright images with enhanced light transmission.

Endurance models benefit from our System H5 optics. ED glass is utilised to reduce colour fringing. The Fully Multi-Coated lenses provide high resolution images which ensure no details are lost when viewing at distances down to 2m.

Effortless focusing and impressive depth of field makes these binoculars quick and easy to use. Water and fog proof with a high grip rubber coated body, Endurance is designed to battle the elements.

Extra-low Dispersion glass (ED models) / High resolution phase corrected BAK-4 roof prisms / Focus from 2m / Twist-up eye cups with position stops / Stay-on lens covers

Nitrogen purged / Waterproof / Fog proof

NATURE-TREK SYSTEM H2

An extensive range of binoculars in several configurations.

The Nature-Trek family utilises our System H2 optics produced in a shock resistant polycarbonate body, providing a robust yet lightweight package. The high grip rubber armour ensures a secure hold in all weather conditions.

Optics are crisp and clear with notable natural colour reproduction. The precise focusing wheel allows focussing down to 2m.

Nature-Trek offers a complete range of binoculars from the very portable 25mm models up to the oversized 50mm models, ideally suited to low light conditions where a large exit pupil diameter is required.

Nitrogen purged / Waterproof / Fog proof

Hawke Lifetime Warranty

ENDURANCE SYSTEM H5

Endurance ED spotting scopes provide the performance to get close to the action and the durability you demand.

All magnifications are constructed with ED glass reducing the potential for chromatic aberration. ED glass controls colour fringing and allows an improvement in clarity and crispness of the image, highly recommended by nature enthusiasts.

All lenses are Fully Multi-Coated and prisms Dielectric Coated for increased reflectivity. Endurance scopes feature a dual focus knob (coarse and fine), 3x ratio eyepieces with twist-up eye cups and retractable sunshades.

Choose from a range of full size scopes with 85mm or 68mm objectives or the compact design with 60mm or 50mm objectives.

All scopes are supplied with lens covers and stay-on soft cases.

NATURE-TREK SYSTEM H2

The Nature-Trek spotting scope family offers exceptional optical performance in a lightweight and waterproof modern design. A Fully Multi-Coated optical system combined with BAK-4 Porro prisms produce extremely clear and sharp images.

The 65mm and 80mm optical systems have been optimised for maximum performance while keeping the scope body short in length making them ideal for hiking and travel. Featuring a rotating tripod band, retractable sunshade and stay-on cover for protection.

The new ultra compact 56mm features barrel focussing with twist-up eye piece, delivering 27x magnification in a scope the size of your hand. Supplied with neoprene stay-on case.
